

# Fort Gordon Regional Growth Management Plan

## Virtual Public Meeting Information Sheet

The CSRA Regional Commission is hosting a Virtual Public Meeting to introduce the Fort Gordon Regional Growth Management Plan to regional stakeholders, elected officials, and community members in the Augusta metropolitan area.

The Fort Gordon Regional GMP addresses the challenges and opportunities of additional activity (some 2,000 additional personnel, in addition to family members and contractors) coming to Fort Gordon, and what it will mean for the region.

### The three major goals of the GMP planning process are:

- 1 To help local communities **prepare and plan for growth** at Fort Gordon.
- 2 To coordinate with various stakeholders throughout the region to **ensure quality of life benefits** are sustained for both military and civilian communities.
- 3 To sustain **community support** for military personnel and activity and benefit from economic development opportunities.

Join the conversation and attend the Virtual Public Meeting to learn more about the Fort Gordon GMP and how the CSRA Regional Commission is proposing to work collaboratively with local communities, both military and civilian.

Wednesday  
July 28, 2021  
5-6 pm
